MySQL to Access loaded on new Dell PC-1 9/6/23

Intelligent Converters Install Process Windows 11

Mysql upload from Access to website, Run the installer in this folder.

File Name: a2sagent.ext

Z:\Computer\ES Systems\Mysql\1- YES DELL 9-6-23 & mysql NEW Intelligent Converters Installed  
7-16-21\Dell PC install Intelligent Converter Mysql 9-5-23

Create a temp folder on c drive c\temp on the local machine

Now MySQL upload will work from Access to Website.

If this Intelligent Converter program is a problem just purchase a new one.
