SSL Certificate for Email Beacon Guide Home 5/23/24 SSL certificate for Exim, Webmail, Calendar,

Dennis at Cyberon had issued a new SSL Certificate through WHM A SSL self- signed Certificate does not work for email. It has to be installed through WHM Here is a link to a short tutorial explaining how to renew certificates in WHM.

https://manage.accuwebhosting.com/knowledgebase/2394/How-to-Resetor-Renew-cPanelor-WHM-Self -Signed-Certificate.html

Regards, Dennis
